

## *Pimalai Spa*

*Behind the stylish hilltop resort lobby and set in a lush sloping valley lies Pimalai Spa, where the winds waft light fragrances to the small walled treatment rooms, each named after a local flower. The spa aims to bring the guest back to nature. Laid out like a small village, the pretty straw-roofed sales blend harmoniously with the natural beauty of the jungle. Each sala has been designed with nature at heart, and fashioned from stones, native wood, bamboo, iron ropes and ceramics.*

## SPA MENU

### MASSAGES

#### **Royal Siam** ☯

*This traditional Thai massage, which is an ancient method of aligning and balancing the energies of the body, originates from the time of the Buddha. The technique employed is the use of firm thumb and palm pressure on the body's pressure points and energy lines ("Sen"), along with a variety of stretching movements. Afterwards, you will feel spiritually and physically refreshed, strengthened and rejuvenated.*

**1 hour 30 minutes @ 2,500 Baht**

#### **Thai Herbal Luxury Compress** ☯

*To enhance the Royal Siam experience you can request this treatment. Aromatic Thai herbs, prepared as steaming poultices, deeply massage the body.*

*Royal Siam with "Thai Herbal Luxury Compress"*

**2 hours @ 3,200 Baht**

#### **Pimalai Signature** ☯

*Pimalai's Signature Massage offers a variety of therapeutic massage services to help with the everyday tension life inflicts. The Signature Massage is one of the most thoroughly therapeutic massages most guests will ever have experienced. Pressure is not just applied from above, but also from the top, toes and from both sides of the body. This variety of pressure directions facilitates the stimulation of tissue deep within all parts of the body. Whether it's for relaxation, stress relief, muscle soreness or just plain pampering, allow Signature Massage by Pimalai to provide you with the latest in massage therapy techniques.*

**1 hour 30 minutes @ 2,500 Baht**

#### **Asian Aroma** ☯

*Before this pampering massage you are asked to choose your preferred oil by the scent you are attracted to or by the feeling you would like to experience: Meditation, Patience, Clarity, Intention or Respect. This massage is deeply relaxing, using long, slow movements and strokes to help quiet your mind and bring harmony to your body, soul and spirit.*

**1 hour @ 2,300 Baht**

#### **Pimalai Sport** ☯

*This therapeutic sports massage was created for those who love exercise or outdoor activities. Both soft and firm movements will relax and soothe your whole body. If the guest requests it, the pressure applied can be very firm indeed - this will suit not only those with large masses of muscle, but also smaller people who like a very firm toning massage.*

**1 hour @ 2,300 Baht**

#### **Swedish Massage** ☯

*The ultimate relaxation massage combines soft and hard techniques. To begin with, smoothing hand movements are used to gently work on muscles and soft tissue, in order to relieve stress and tension and warm the muscles. After the muscles have been warmed with these soft movements, harder kneading, knuckling and cupping movements are used to stimulate circulation.*

**1 hour @ 2,300 Baht**

*All prices are subject to 10 % service charge and 7% government tax.*

*After a long walk, too much shopping or too many hours spent with the feet squeezed into office shoes, this is an ideal therapy for aching feet and legs. The holistic healing techniques used in this treatment go far beyond a mere foot massage. Using a modern fusion of ancient reflexology techniques which predates both the Sukhothai and Ayutthaya dynasties, the reflex zone points on your feet will be stimulated, restoring balance and harmony to your body, soul and mind.*

**1 hour @ 2,300 Baht**

### **Oriental Fusion** ☺

*This is an ancient and traditional form of Thai oil massage, where deep tissue pressure points are stimulated to reduce stress and relieve muscle pain. Our oils prevent excess stretching, penetrate deeply and increase elasticity, their scents promote deep breathing and so the release of consciousness into a mildly meditative state.*

**1 hour @ 2,300 Baht**

### **Pimalai Signature herbal massage** ☺

*Energize yourself by experiencing our new signature herbal massage which consists of a combination of deep pressure techniques and heated fresh Thai herbal packs. The treatment begins with the herbal packs to warm your muscles, then the therapist works gently and firmly hands, elbows and thumbs to relieve tension in all parts of the body. It is beneficial especially to the muscles of the legs, back, neck and shoulders.*

**90 minutes @ 3,200 Baht**

### **Hot stone Massage** ☺

*Traditional hot stone therapy involves placing and gliding various sizes of basalt stones along the spine, shoulders and neck to promote deep relaxation and trigger the natural healing process. Hot stone massage can help alleviate pain, increase mobility, reduce stress, improve skin condition and supply other health benefits.*

## BODY WRAPS

*A Jacuzzi to relax begins each wrap, and a pampering foot and head massage completes the session.*

### **Thai Lanna Herbal Wrap**

*This body masque originated in the ancient kingdom of Lanna, which was based in Chiang Mai and incorporated into the first and deeply spiritual Thai kingdom of Sukhothai. The name "Lanna" literally translates as "a million fields". The wrap is rich in minerals, nutrients and essential elements, helping the skin to maintain great tone and a beautiful texture. The healing combination of green tea and mint clears the mind and balances the lymphatic system of the body.*

### **Thai Clay Wrap**

*You begin this wrap with a salt scrub to exfoliate and cleanse the skin. Warm clay combined with Thai "Magrut" (also known as bergamot) is applied to the body. You are then wrapped and kept warm to allow the clay's natural properties to eliminate toxins.*

### **Moor Mud Body Wrap**

*Moor mud extract is a natural therapeutic mud. It purifies the skin and removes excess oils. Botanical extracts restore tone and add healthy texture to the body. Other benefits are muscle relaxation, blood circulation activation, and detoxification of the entire system. This treatment will leave you feeling deeply contented and tension free.*

### **Hot Oil Body Wrap**

*This relaxing body wrap uses the healing properties of essential oils to cleanse, detoxify and nourish the body from head to toe, while both body and mind slip into a state of deep relaxation.*

### **Cellulite Reduction**

*All the above body wraps last 1 hour 30 minutes @ 2,800 Baht.*

### **Cucumber Body Wrap**

*Cucumber is placed all over the body, which is then enveloped with plastic wrap to soothe the body and encourage the skin to rehydrate. Stress and anxiety will slip away, leaving both body and mind relaxed and at ease.*
