AO NANG
ELEPHANT
SANCTUARY

AO NANG ELEPHANT SANCTUARY

The Ao Nang Elephant Sanctuary has a singular mission to rescue elephants of all ages and to offer the best possible living conditions for them. As the elephants were not born in the wild, they cannot be released into the jungle as they will not be able to survive. Instead, they require care and a loving home.

Discover and learn about the origins of Thai elephants and why they reside in the sanctuary. Try your hand at making a protein ball out of the supplementary food for the elephants; then, interact with them and learn how to feed them in three different ways. Get wet in the mud bath as you assist the elephants to freshen up. Following the mud bath, clean up in the bathing pond along with the elephants.

Your visit supports the mission of Ao Nang Elephant Sanctuary and the experience will be both a beneficial as well as enriching one.
